

Onoway Regional Fire District Members

Councilors & CAOs

April 19, 2021

Councillors and Chief Administrative Officers,

Recently updates to the Alberta Agriculture and Forestry Fire Weather Index have been added showing a lowered risk of wildfire spread in the Onoway region. I recommend that the communities remove the total fire ban (if enacted) until conditions warrant otherwise.

I will issue another recommendation letter when the status reaches "High" advising to reinstate the fire ban.

If you have any questions or concerns regarding this recommendation, please feel free to contact me.

Regards,

A handwritten signature in black ink, appearing to read "Erik Ives".

Erik Ives

Fire Captain

Onoway Regional Fire Services
