

Summer Village of Ross Haven

Ross Haven Environmental Policy

Approved by Council September 10, 2013

Purpose

To ensure Summer Village of Ross Haven maintains reasonable and practicable environmental practices with due diligence and as required by all applicable legislation and responsible lake stewardship.

Application

All projects which could, may, or will have an environmental impact because of debris or silt entering into a water course or lake will be identified before any work is to commence.

Procedure

- All identified projects will be documented
- All projects will have a start date and end date
- Pictures to be taken before and after project
- All environmental safe guards will be documented
- Only after the project has been reviewed by Council will it be allowed to commence
- All documentation will be kept for a minimum of three years
