Summer Village of Ross Haven Box 70, Site 19, RR1 Gunn, AB TOE 1A0

Attention: Mayor and Council Regarding: Temporary Fire Station in Ross Haven

Good Day,

This week, I have been searching for locations that will allow Fire Rescue International (FRI) to maintain a presence on the north side of the lake after March 7, 2024. As part of this process, we have been looking for both short- and long-term solutions that would allow for modest barracks as well as heated storage for at least one fire truck.

During my travels, I drove past the old public works quonset in Ross Haven. I believe the building isn't being used for much and could fit one fire engine. Although the building is not insulated or heated, I am wondering if Ross Haven would entertain working with the fire department in redeveloping this space into a satellite fire station. Generally speaking, what I am proposing is to insulate the existing building and bring power and heat into it from the new public works building. Additionally, we could set a modest living space trailer behind it and connect power, water, and sewer from the new public works building.

This simple repurposing of an older structure would allow FRI to station a fire engine inside and a fast-response unit outside, and staff the station with two to four first responders. One obvious benefit to having this station located within the Summer Village of Ross Haven would be city-like response times. This means faster emergency response times for your residents, potentially saving lives and property.

Additionally, by assisting FRI's "North Lake" response capacity, your village will be helping the partnership of municipalities as a whole, enhancing regional safety and cooperation. This collaboration will also help ensure there are no spikes in the required standby fees due to the large rent increases that we are currently facing due to the loss of the Onoway station.

This initiative is an excellent opportunity for Ross Haven to showcase leadership and commitment to the safety and well-being of its residents and the surrounding communities. The redevelopment of the old public works quonset into a temporary fire station is a practical, cost-effective solution that leverages existing resources for a greater good.

If there is an appetite for cooperation on this proposal, please let me know as soon as possible, as FRI is anxious to report progress back to the group.

Kind Regards, Fire₍Rescue International

David Ives

Fire Chief

July 28, 2024

The Summer Village of Ross Haven Box 70, Site 19, RR1 Gunn, AB TOE 1A0

Mayor and Council,

I hope this note finds you well! It's been nearly six months since the Town of Onoway threw a bit of a wrench into our fire services agreement, which has been a bit of a scramble for everyone involved. Fire Rescue International (FRI) is working hard to map out a solid plan for continuing our great work beyond March 7, 2025. We've been lucky to have the Summer Village of Ross Haven as a supportive partner during this time, but we've noticed your village has been a bit quiet about your plans.

Over these past few months, we've been busy keeping you in the loop about estimated costs and contract updates. We've also made sure you have all the details on our response times, non-profit status, training, and medical services. Our goal has always been to help you make the best decisions for fire protection and medical aid. We haven't heard any negative feedback, which is great, but we're scratching our heads a bit as to why we haven't received any formal word from your side. With most of our partner communities moving forward, we're interested in hearing where you stand.

We really value all our community members and want to make sure you don't miss out on being part of the upcoming negotiations. If there's been any confusion or if we've misunderstood your intentions, please let us know. We'd love to have you join us and the rest of the group in shaping the future of our services.

August 7th is just around the corner and marks six months before our current agreement ends. On that day, we plan to dive into detailed negotiations with the communities that have already made their positions clear. Here's a quick rundown of how we anticipate things will go:

Fire Services Agreement (Aug 7th to Sept 7th)

- FRI will suggest updates to the current agreement.
- CAOs will review and tweak these updates to best fit their communities.
- Elected representatives (the "Negotiation Steering Party") will discuss, negotiate, and propose a final agreement to their councils.

www.firerescueinternational.net 855-710-3473 info@firerescueinternational.net 4935-50th Ave P.O. Box 278 Alberta Beach, Alberta T0E-0A0

Governance Model (Sept 7th to Oct 7th)

- CAOs will suggest improvements for better communication, reporting, and overall functionality.
- FRI will review these suggestions and offer adjustments as needed.
- The Negotiation Steering Party will continue discussions and recommend changes to their councils.

Ratification (Oct 7th to Nov 7th)

- FRI and elected representatives will draft a joint letter of intent to finalize the agreement, pending council approvals.
- Each community will review the contract, discuss, and hopefully ratify it.
- We'll wrap up everything and use the last three months to transition smoothly away from the current model.

As you can see, time is ticking. If we don't hear from you by August 7, 2024, we'll have to move ahead without your village in the Steering Committee. This might be what you prefer, given the previous vote when Ross Haven opted out of a group negotiation team. Still, we'd love to get a clear picture of your plans so you're not left out. Don't worry—if you do decide to join later, we'll still advocate for new members during the final three months of the current agreement. Just keep in mind that terms and rates will be set by the existing group before then.

Thanks a bunch for all your efforts with the fire service! We're proud of the strong relationship we've built with Ross Haven and are eager to keep it going. We trust you'll make a decision that best protects your community. If you need any help or have questions, feel free to reach out anytime—I'm always here for you.

Sincerely, FIRF RESCUE INTERNATIONAL

David Ives, Fire Chief
